DID YOU KNOW THAT THE NT HAS 15 TIMES THE NATIONAL AVERAGE RATE OF HOMELESSNESS?

As a team of young people ourselves, we know that our generation has the power to shake up these statistics and many others. That's why our newest project, The NT Social Change Summit, is addressing social issues in the NT- by engaging with young locals who are ready to see a change in their community.

But who are we? Crêpes for Change is a non-profit social enterprise, that reinvests 100% of our profits from our food truck and coffee cart into eliminating youth homelessness in Australia. We are made up of a team of young people and use our people and resources to run projects that work towards our mission.

And what's this summit all about? The NT Social Change Summit is about bringing together young, passionate changemakers to generate and advance ideas and projects that will contribute to social change in the NT. The summit will run over one weekend and aims to equip participants with the knowledge and skills to pursue their own social change projects.

The summit will include:

- Return flights from the NT to Melbourne (through our partners at Jetstar!);
- An intensive mix of workshops to create, refine and plan your existing or new idea tackling social issues in the NT (co-designed and delivered with our partners at YGAPI!);
- A range of exciting speakers, to inspire you on your journey;
- Lots of social activities, ensuring everyone leaves with a new network of like-minded buds;
- An on-going mentorship program to keep you supported and on track in implementing your idea when you return home;
- Accommodation for the weekend.
